

STATE GOVERNMENT OF OSUN

REQUEST FOR EXPRESSION OF INTEREST FOR THE CONSTRUCTION OF HOSTEL BUILDINGS, FOOD COURTS AND STAFF QUARTERS IN GOVERNMENT HIGH SCHOOLS IN THE STATE OF OSUN

REFERENCE NUMBER : OS / PET / EOI / 17

1. BACKGROUND

The Osun Educational Sector Reform Policy is a concerted effort by the State Government of Osun to integrate high quality education of school-aged children. This approach underlies the State Government's huge investments in the massive construction of state-of-the-art schools under the Osun Schools Infrastructure Programme (O-Schools) which has delivered over 50 equipped modern schools of Elementary, Middle and High Schools categories.

In order to compliment excellent school infrastructure with first-rate Limited, a private education management company that will oversee the running of the high schools and ensure the highest standards of Government of Osun has set-up the Omoluabi Education Services obtains in the best privately run schools in the country. delivery of education services in the High Schools, the State education are delivered in a consistent manner, comparable with what

Consequent upon the anticipated mass intake of students nationwide into the eleven (11) completed high schools, the State Government of Osun will provide world-class boarding facilities to all the high schools.

2. THE OPPORTUNITY

The State Government of Osun is calling for Expression of Interest (EOI) from competent private sector developers for project planning, project management, prototyping schemes construction, and subsequent management of the required boarding facilities in the 11 High Schools listed below:

- Wole Soyinka Government High School, Ejigbo
- Ayedaade Government High School, Ikire
- Iwo Government High School, Iwo
- Adventist Government High School, Ede
- Osogbo Government High School, Osogbo
- Fakunle Unity Government High School, Osogbo
- Ataoja Government High School, Osogbo
- Ila Government High School, Ila
- Ilesa Government High School, Ilesha
- Oduduwa Government High School, Ile-Ife
- Akinorun Government High School, Ikirun

The High Schools, being first-class schools with each having the

capacity to accommodate 3000 students in our High Schools Grade 10-12 (SSS 1-3), are being equipped with boarding facilities in view of the anticipated influx of students all over the country seeking to benefit from the high standard of education these schools are being designed to offer, both in infrastructure and functionally. Capable developers and hostel managers therefore have a lifetime opportunity to avail themselves of this excellent offer.

3. THE PROJECT BRIEF

The overall scope of this project is to develop and manage male and female hostels in each of the High Schools. The State Government of Osun has prepared a bespoke design of the hostels, which will be made available to successful applicants. The hostels are expected to accommodate 500 students in each of the high schools and will be situated within the schools on an area covering three hectares.

Hostels will have the following features:

- 4- 8 students per room
- Clothes lockers
- Reading Tables in the rooms
- Different Gates for the Male and Female Hostels
- Food courts where students can eat
- Principal's quarters and 8 hostel staff rooms.

Management of hostels will be undertaken in line with best practices and will be guided by the overall education policy of the State Government of Osun.

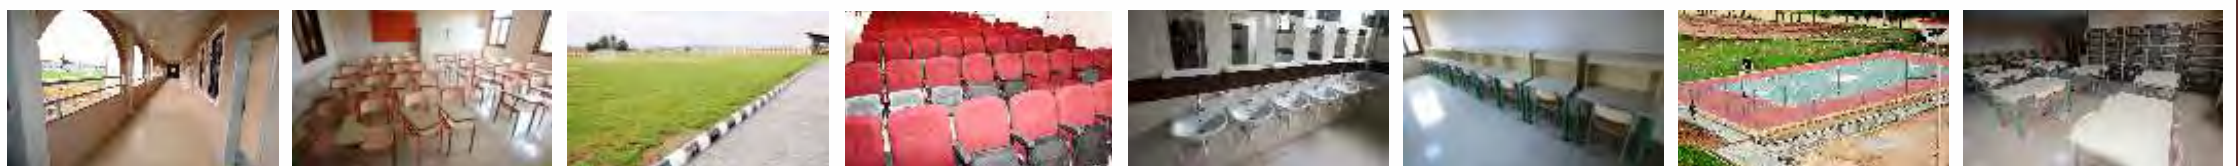

4. REQUIREMENTS FOR APPLICATION

The request for Expression of Interest is open to individuals, registered Consortium groups, and enterprises registered in Nigeria and that have demonstrable capacity to undertake the development and management of students hostels.

5. HOW TO APPLY

Interested parties including individuals or registered Consortium groups are hereby requested to submit an Expression of Interest (EOI) document on the prospective construction and management of the hostel and facilities in the schools. This should also include organization/ business profile and evidence of similar ventures (past and ongoing).
